ARVAS Assessment Day

As previously outlined, **Hester Canterbury** is in the process of applying for accreditation through the **Australian Retirement Village Accreditation Scheme (ARVAS)**. Accreditation is independent recognition that an organization meets the requirements of governing industry standards and are recognized for their commitment to best practice, quality, systems and processes and continuous improvement.

All required documentation has now been submitted to **QIP** for appraisal and a date has been set for an Assessment Team and / or Team Leader to visit **Hester Canterbury**, which will take place on **Friday 30 June, 2023**.

Observations will be conducted by members of the assessment team as determined by the Team Leader and will generally include a comprehensive tour of the site, which may present opportunities for informal conversations with staff and residents.

Resident interviews will be required on the day and aims to target a cross section of the community's residents. Therefore we invite those residents interested in partaking and the residents committee to be available for interview either as a group or individually if requested. We should be provided with a timetable closer to the date so you will not be

required to be waiting around all day, though the interview should be scheduled to take place mid morning for residents. Your expression of interest in assisting with the assessment can be submitted to me at your convenience.

Towards the completion of the day there may be a general feedback session from the **Assessment Team** for staff and residents, involving a brief overview of their provisional findings and we will keep you informed if this is to take place.

This self assessment process for accreditation is being undertaken by **BASScare** on behalf of **Hester Canterbury** and is not a government or legislation requirement.

**Week Two of the Autumn Menu starts on Monday 12 June.
Please place any orders by 1pm the Thursday before.
Bon Appetit!**
